Sail Szczecin 2021

30.07 - 1.08.2021

In late July and early August, Szczecin's quays will be filled with sailing ships and yachts coming back from a cruise on the Baltic Sea. Sail Szczecin would like to invite you to a grand celebration of the sea – Sail 2021!

The pandemic has made it impossible to organise the traditional Tall Ships Races. Despite that, Szczecin would like to invite you to an exceptional event – **Sail 2021 – Sail Szczecin**.

In collaboration with other ports, we will organise an independent regatta and a large family event on shore. This will give the local tourism and catering industries, which have been looking forward to seeing large sailing ships together in one place, a chance to improve their situation. Sail 2021. Sail Szczecin is a maritime event intended to enable the local community and tourists to become better acquainted with the sailing world. Impressive sailing ships, moored on both sides of river Odra, will open their decks to us and invite us on board. The event will be also a family festival with a lot of interesting activities.

2021
BALTIC REGATTA TALLINN
KLAIPEDA
SZCZECIN

The Baltic Regatta will take place from 16 July until 1 August.

The competition will start in Tallinn, continuing in Klaipėda, Lithuania, and finish in Szczecin.

2. KLAIPEDA
23-25.07

3. SZCZECIN
30.07-1.08

Attractions and activities

Sail 2021 is an event where ships play the main role. In their company, we will be able to choose from a variety of attractions and artistic highlights.

1. CHILDREN'S ZONE

The Children's Zone includes performances, dance workshops, maritime events, competitions and interactive games as well as presentations by art, kids' and youth groups from Szczecin and the surrounding area.

2. SAIL FAIR

The colourful stalls of the Sail Fair offer maritime souvenirs, tasty dishes, original products rarely found in shopping centres, and many others. The Alley of Artists will also make a comeback. For years this event has gathered artists who present their work

and talents by creating truly remarkable handcrafted items.

3. FOODTRUCK FESTIVAL

The festival will once again be a culinary journey around the world. Foodtrucks will offer dishes inspired by the tastes and cultures of various regions, countries and continents.

4. AMUSEMENT PARKS

Two colourful amusement parks located on both sides of the Oder River will be also set up for residents and tourists visiting the finale in Szczecin. It is here that we will be able to have some fun and get a bit carried away.

5. CRAFT BEER ZONE

A new event means new possibilities. We have invited craft breweries from all over Poland to showcase their products in our Craft Beer Zone.

6. SUMMER CITY ZONE

It is in the Summer City Zone on Grodzka Island, overlooking the Chrobry Embankment and the most beautiful sailing ships, that

both families with children and young people looking for an original place to meet their friends will be able to benefit from a number of attractions, events and activities.

7. WIND ORCHESTRA FESTIVAL

The Wind Orchestra Festival for the Cup of the Mayor of Szczecin has already made its place in our tradition. The competition is divided into stage performances, brass band drills and an orchestra presentation during a parade of crews.

8. SHANTIES

In a unique setting, shanties and folk music will be played on vessels moored at the quays. Shanties will be also played on the Chrobry Embankment, right next to the Centaur Monument.

9. VESSELS

The vessels participating in the Baltic Regatta will be moored at Szczecin's quays. The view of Szczecin's quays with such an entourage is a sight well worth seeing.

Safety

The key challenge while preparing such a big event is the safety of its participants. The capital city of Western Pomerania has already organised events according to strict sanitary requirements, becoming a model for other cities to follow. Drawing on last year's experience, the organisers plan the attractions with the greatest care in order to avoid gatherings of thousands and to provide all of the necessary preventive measures. All this is to ensure that everyone in Szczecin stays safe.
